

WinDeco®
威德高

2021-2022

QUALITY IS EVERYTHING

Low Formaldehyde Emission

通過歐盟 EN120及美國加州(CARB)甲醛標準P1等級測試

Anti-Bacterial Technique

有效抗菌及抑菌，適用於幼兒園及醫院等地方

Low Mechanical Hazards

低重金屬含量，通過歐盟 EN71 兒童玩具安全標準

Resistance to Wet and Flame

通過歐盟BSEN 476：Part7 耐火測試，板面兼具耐水功能，適用於浴室及廚房

Resistance to Scratching

光面及啞面防火板具有防刮效果，即使用於枱面亦長久美觀耐用

BSEN 438 Certifications

歐盟BSEN438性能測試報告，詳列防火板對日光，蒸氣，高溫，撞擊等抵抗性

Ultra Matte Finish

超啞面木紋配合立體壓紋設計，不會反光，更接近原木質感

Colour Fade Resistant Technique

恒久色彩技術，不易褪色變黃

More than 300 designs

超過300款設計，具備各種風格

About **WinDeco®**
High Pressure Laminate
2021-2022

The production plant of **Dougguan WinDeco Limited** started to drive its first pile into soil in June 2014. It took almost 2 years to build up the 18,000 square meter factory and finally in 2016, the production plant was officially put into operation. Specializing in producing high pressure laminate for interior usage, **WinDeco®** provides various patterns including but not limited to woodgrains, textile, stones and many other timeless design to match different interior styles. With its brand new machineries and qualified production team, **WinDeco®** aims to produce high quality laminate with more featured functions, such as anion, low VOC emission, anti-bacterial, resistances to scratch, heat and wet. We believe that the global market tends to look for something sustainable, innovative and multi-functional, and we are always committed in finding new materials and techniques to make our products more competitive and advanced.

www.windeco.com

“We all love how super matte finish looks but it always comes with a problem: fingerprints. Plain colours with super matte finish bring a sense of natural and contemporary, however they have to be cleaned frequently with cleansing liquids to keep them look smooth and clean.

A gentle touch of your fingertip on the super matte finish and an obvious fingerprint will be left behind, not being able to be removed easily. To improve this situation, **WinDeco**® has applied the Nano-technology into our production and created the anti-fingerprint series, not limited to fingerprints, most of the oils and stains can be removed easily by just a wipe. Fingerprints left on the finish will vanish themselves in several seconds as the nano-coating prevented oils and dirt to penetrate the surfaces, remaining a clean look for your interior. ”

“Colour core laminate is perfect for building furniture, the bottom of the laminate is made with kraft papers with matching colours to the decorative paper to avoid any disruptive brown lines on the appearance. It can give an even and consistent look to the surface and the edges and therefore is ideal for furniture, display shelves, table tops and wall panel decoration. **WinDeco**® colour core laminate offers not only solid colours but also a range of wood grains with matte or high gloss finishes.”

A collage of overlapping paper scraps in various colors including teal, light blue, purple, and brown. The word "COLOUR" is written in white, bold, uppercase letters on the left side of the image.
